Steel Tray. Frame hard wood. Light, well made and durable. Capacity, 3 cu. ft.

Weight, 480 lbs. per dozen.

No. 5
CHATTANOOGA

Full bolted, tough and durable. Well finished, easily set up. Steel wheel. Made of carefully selected hard wood. Built for hard work and long service.

Weight, 575 lbs. per dozen.

THERE is a market for wheelbarrows as far-reaching as civilization. There is a demand for them in every home, factory, farm, greenhouse, engine room, garage, mill, plants of all kinds, big and little—everywhere.

It is needless to tell you why you should handle Chattanooga Wheelbarrows, for you of course know the reputation for quality and durability which they hold. There's a Chattanooga Wheelbarrow designed for every purpose.

No. 75
Contractors or Concrete

The most serviceable and popular concrete barrow ever put on the market. Heavy malleable iron combination axle bearing and nose piece—adds strength to frame, rigidity to construction. Tray and wheel painted black. Frame painted red. Tray 16 gauge. Weight, 65 lbs.

No. 3
Folding Garden or Farm Barrow

Spring Trade Gardening Season. Handsomely painted, green striped, stenciled and varnished.

| No.	Dimension of bed Inches	Capacity cu. ft.	Weight lbs.
1	10x18x22	2	25
2	11x20x25	3	45
3	12x22x26	4	53
5	21x26x31	10	95

No. 4. TUBULAR STEEL BARROW

All steel barrow. Easy to set up. Most up-to-date and durable tubular barrow built. Channel steel legs, except Model No. 3.
